Construction Notice September 28, 2026

Colborne Street Access Road Construction & Watermain Relocation

Dear Property Owner / Resident / Business Owner,

The City of Kawartha Lakes is undertaking construction works on Colborne Street West and William Street North as part of the **Colborne Street Access Road Construction and Watermain Relocation Project**, in support of the **new Colborne Street bridge**.

The project includes the relocation of a watermain, construction of a new municipal access road, and associated roadway restoration works.

Construction Schedule

Construction is anticipated to take place between **October 5, 2026 and December 15, 2026**. All dates identified below are tentative, weather permitting, and subject to change.

Key Dates and Road Closures

- **October 5, 2026** – Construction Start
- **October 13, 2026** - Colborne Street West will be closed between **William Street North** and the **Carew Apartments parking lot entrance** for the duration of the Construction. Access to the **Carew Apartments** will be available **only via Pottinger Street**.
- **October 19, 2026 to November 9, 2026** - The intersection of William Street North and Colborne Street West will be fully closed to facilitate watermain relocation and connection works. Detour routes and traffic control signage will be in place throughout construction. There will be no through traffic but local access will be maintained.
- **December 15, 2026** - Anticipated completion of the project.

See reverse side for project contacts and road closure map
