

Reference List of Regional Tradespersons and Designers with Heritage Building and Restoration Experience

City of Kawartha Lakes

The following is a list of tradespersons and designers who have carried out heritage building or reconstruction work in Kawartha Lakes and the surrounding area, or that have been recommended by local businesses and heritage property owners. Inclusion on this list does not constitute recommendation or a guarantee of quality by the municipality but is intended to provide a resource for property owners who are looking for advice or quotations for heritage renovations or building projects.

It is recommended that you ask to see examples of a contractor or tradesperson's work on heritage properties so that you are sure they are experienced in the type of work that you require. Before proceeding, you should also obtain a written contract specifying the scope of the work, exact costs, the project schedule and any other specific requirements pertaining to the work that is being undertaken.

This is not an exhaustive list and we welcome your suggestions for additional names of qualified heritage tradespeople who could be added to the list.

For more information, please contact the Economic Development Officer – Heritage Planning at heritage@kawarthalakes.ca or 705-324-9411 ext. 1366.

Additional Resources

In addition to the tradespersons and contractors listed above, there are a number of other resources you can use to assist with your heritage building or restoration project.

The Canadian Association of Heritage Professionals

The Canadian Association of Heritage Professionals (CAHP) represents professionals in various areas of historic conservation and maintains principles and standards of practice to which its members must adhere. Its website lists practitioners in a range of heritage building fields and can be found at: <https://cahp-acecp.ca/>.

Standards and Guidelines for the Conservation of Historic Places in Canada

The Standards and Guidelines for the Conservation of Historic Places in Canada was developed by Parks Canada to provide technical advice and best practices for conserving built heritage. A digital version of the document is available at: <https://www.historicplaces.ca/en/pages/standards-normes.aspx>.

Ministry of Heritage, Sport, Tourism and Culture Industries

Ontario's Ministry of Heritage, Sport, Tourism and Culture Industries have developed a series of guides that explain the various aspects of heritage designation and preservation in Ontario. They are available at: http://www.mtc.gov.on.ca/en/heritage/heritage_toolkit.shtml.

The Ontario Heritage Trust

The Ontario Heritage Trust is a provincial body mandated with identifying and preserving Ontario's heritage. They have a number of helpful tools and guides that discuss conservation best practices which can be found at: <https://www.heritagetrust.on.ca/en/index.php/pages/tools/tools-for-conservation>.

The National Trust for Canada

The National Trust for Canada is a national organization and charity that helps recognize and preserve nationally significant heritage across Canada. They offer a number of useful program and tools to assist with heritage preservation which can be found at: <https://nationaltrustcanada.ca/>.
