PART 3 - GENERAL PROVISIONS

3.1 ACCESSORY BUILDINGS, STRUCTURES AND USES

3.1.1 PERMITTED USES

3.1.1.1 Where this By-law provides that a lot may be used or a building or structure may be erected or used for a purpose, that purpose shall include any accessory building or accessory use, but shall not include the following:

- (a) any occupation for gain or profit conducted within or accessory to a dwelling unit or on the lot, except as in this By-law is specifically permitted; or,
- (b) any building used for human habitation, except as in this By-law is specifically permitted.

3.1.2 LOCATION

3.1.2.1 Except as otherwise provided herein or within a specific zone, any accessory building which is not part of the main building shall only be erected in an interior side or rear yard.

3.1.2.2 An accessory building may be erected not closer than 1.2 metres from a rear lot line and 1.2 metres from the side lot line nor closer to a street than the required front yard setback for the zone in which it is located and shall not be closer than 1.2 metres to a residential building located on the same lot.

3.1.2.3 Where a lot fronts on a navigable waterway, a private garage shall be permitted between the main building on the lot and the street line, provided such private garage complies with the yard provisions of the applicable zone.

3.1.3 LOT COVERAGE AND HEIGHT

3.1.3.1 The total lot coverage of all accessory buildings and structures, excluding private garages attached to the main building and outdoor swimming pools, shall not exceed 8 percent of the lot area to a maximum of 225 square metres.

3.1.3.2 The height of an accessory building or structure, in a residential zone or to a residential use, shall not exceed 5 metres (16.4 ft.). Further, the height of such accessory building or structure shall be measured as the mean level between eaves and ridge of a gabled, hip, gambrel or mansard roof, or other type of pitched roof. (B/L 2002-139)

3.1.3.3 A maximum of three accessory buildings or structures, excluding outdoor swimming pools, shall be permitted on a lot in any class of residential zone.

3.1.4 **YARD REQUIREMENTS**

3.1.4.1 Notwithstanding the minimum yard provisions of this By-law, the following accessory structures and setbacks may be permitted:

- (a) sills, belt courses, cornices, chimney breasts, bay windows, cantilevered floor areas, pilasters or parapets may project into any yard a distance of not more than 0.6 metres;
- (b) eaves or gutters on a main building may project into any yard a distance of not more than 0.6 metres;
- (c) balconies, canopies, unenclosed porches or decks, steps or patios may project into any yard a distance of not more than 1.5 metres provided that a required side yard is not reduced to below 1.5 metres and further provided that a porch or deck which is, at any point, more than 1.2 metres above the adjacent finished grade shall comply with the yard requirements of the applicable zone for a main building;
- (d) unenclosed fire escapes may project into any yard a distance of not more than 1.5 metres;
- (e) ramps for handicapped access may project into any yard a distance of not more than 1.8 metres; and
- (f) fences, free-standing walls, flag poles, clothes poles, diving boards, antennae, satellite dishes, light standards, garden trellises, retaining walls and similar accessory structures and appurtenances, hedges, shrubs and trees are permitted in any yard provided that no such structures or vegetation that is more than 0.75 metres in height shall be permitted within three metres of any street line if such structure or vegetation will impede vision between a height of 0.75 metres and 2.5 metres above the centreline grade of an access from any street to a lot.

3.1.5 **BOAT HOUSE, PUMP HOUSE OR DOCKING FACILITIES**

3.1.5.1 Notwithstanding any other provisions of this By-law, a boat house, pump house, or docking facility may be erected and used in a yard fronting on a navigable waterway within the water setback provided that the approval of any other governmental authority having jurisdiction within this area has been obtained and further provided the location complies with the required minimum side yard for accessory buildings or structures.

3.1.5.2 A boat house or dock located within the water setback, including any boat launching ramp or boat rail system, shall not be permitted to project beyond the shore lot line if such projection will obstruct or interfere with access to the water from an adjacent lot.

3.1.5.3 A boat house shall not exceed a height of 4.5 metres. For the purposes of this article, height shall be measured as the vertical distance between the highest point of the roof surface or a parapet and the maintained summer water level for the adjacent lake or river.

3.1.6 **MUTUAL STRUCTURES**

3.1.6.1 Notwithstanding subsections 3.1.2 and 3.1.5 of this By-law, a mutual private garage or a mutual boat house may be erected on the common lot line between two lots.

3.2 **DAYLIGHTING TRIANGLE**

3.2.1 Notwithstanding any other provisions of this By-law, in all zones, on a corner lot, no fence, hedge, shrub, bush or tree or any building or structure, vegetation or lot grading shall be permitted to exceed a height greater than 0.75 metres above finished grade of the travelled portion of the streets that abut the lot within the triangular area included within the street lines for a distance of 6 metres from their point of intersection. No sign shall be permitted within or to overhang the required daylighting triangle.

3.3 **ESTABLISHED BUILDING LINE**

3.3.1 Notwithstanding the front yard provisions of this By-law, where a permitted building or structure is to be erected on a lot, where there is an established building line, such permitted building or structure may be erected closer to the street line, than required by this By-law provided such permitted building or structure is not erected closer to the street line, than the established building line.

3.3.2 Where a lot fronts onto a Provincial Highway or a County Road the provisions of subsection 3.3.1 shall not apply unless the lot is located within a General Commercial (C1) Zone.

3.4 **EXISTING BUILDINGS, STRUCTURES AND USES**

3.4.1 **NON-CONFORMING USES**

3.4.1.1 No person shall use any land or erect or use any building or structure except in conformity with the provisions of this By-law respecting the zone in which such land, building or structure is or is to be located, unless such use existed before the date of the passing of this By-law and was in conformity with and not prohibited by an existing By-law in force at the date of passage of this By-law.

3.4.2 **NON-COMPLYING USES**

3.4.2.1 Nothing in this By-law shall prevent the extension, enlargement, reconstruction or structural alteration of a building or structure that legally existed prior to the date of passing of this By-law and which does not comply with the zone provisions or requirements contained herein, provided that the extension, enlargement, reconstruction or structural alteration complies with the appropriate lot area, setback and parking requirements of this By-law.

3.4.2.2 Where an existing building or structure is closer to a lot line than the required yard requirements, any extension to the building or structure shall be required to comply with the minimum yard requirements of the applicable zone.

3.4.3 **PERMITTED EXTERIOR EXTENSION**

3.4.3.1 A building, which at the date of passing of this By-law was used for a purpose not permitted within the zone in which it is located, shall not be enlarged or extended unless such building is thereafter to be used for a purpose permitted within such zone, and complies with all requirements of this By-law for such zone.

3.4.4 **RESTORATION TO A SAFE CONDITION**

3.4.4.1 Nothing in this By-law shall prevent the strengthening or restoration to a safe condition of any building or structure or part thereof, lawfully used on the date of passing of this By-law, provided that the strengthening or restoration does not increase the building height, size or volume or change the use of such building or structure, except such minor changes

as may be expressly required for the restoration of the building or structure to a safe condition.

3.4.5 **BUILDING PERMIT ISSUED**

3.4.5.1 The provisions of this By-law shall not apply to prevent the erection or use, for a purpose prohibited by this By-law of any building or structure, a permit for which has prior to the date of passing of this By-law been issued by the Chief Building Official, as long as the building or structure when erected is used and continues to be used for the purpose for which it was erected and provided the erection of such building or structure is commenced within 6 months after the date of the passing of this By-law.

3.4.6 **DISCONTINUED USE**

3.4.6.1 Any non-conforming use of land, building or structure which is discontinued or not used for an interval of more than 9 months shall not be resumed nor shall such non-conforming use be changed to any other non-conforming use.

3.4.7 **DAMAGED BUILDINGS**

3.4.7.1 Nothing in this By-law shall prevent the rebuilding or repair of any building or structure that is damaged or destroyed by causes beyond the control of the owner subsequent to the date of passing of this By-law, provided that the dimensions of the original building or structure are not increased and the use of the building or structure is not altered, provided such rebuilding or repair is conducted within two years.

3.5 **FENCES**

3.5.1 No person shall construct a fence, exceeding 2 metres in height, in any zone, other than an Industrial or Agricultural Zone.

3.5.2 Article 3.1.4.1, clause (f) shall apply to fences located within three metres of any street line.

3.6 **FRONTAGE ON PUBLIC STREET**

3.6.1 Except as provided for in this section, no person shall erect any building or structure in any zone, unless the lot upon which such building or structure is to be erected has a lot line which abuts and obtains direct access onto an improved public street and which is maintained to provide year-round access.

3.6.2 Notwithstanding subsections 3.6.1, a building or structure may be erected and used on the following lots which do not have frontage on an improved public street:

3.6.2.1 An island lot;

3.6.2.2 A lot within a registered plan of subdivision in which the street has not been assumed by the Municipality but in which the street is to be assumed under the terms of a subdivision agreement;

3.6.2.3 A lot within the "Limited Service Residential" or a "Limited Service Residential Exception" zone.

3.7 **HEIGHT EXCEPTION**

3.7.1 Notwithstanding the height provisions herein contained, nothing in this By-law shall apply to prevent the erection, alteration, or use of the following accessory buildings or structures provided the main use is a use permitted within the zone in which it is located; a barn, a church spire, a belfry, a flag pole, a clock tower, a chimney, a water tank, a windmill, a radio or television tower or antenna, air conditioner duct, elevator equipment room, grain elevator, silo or corn crib.

3.8 **HOLDING SYMBOL (H)**

3.8.1 Unless otherwise specified within the applicable zone provisions, where the zone symbol, shown on Schedule A to this By-law, is followed by the holding symbol "(H)", the use of lands so zoned shall be limited to existing uses, conservation or forestry uses exclusive of buildings or structures. At such time as the holding symbol is removed, by amendment to this By-law, the lot may be used in accordance with the applicable zone provisions.

3.9 **HOME OCCUPATIONS**

3.9.1 The following requirements shall apply to any zone wherein a home occupation is permitted.

3.9.1.1 The home occupation shall be clearly secondary to the main use of the lot and shall not change the residential character of a dwelling unit or the lot upon which it is located;

3.9.1.2 The home occupation shall not create or become a public nuisance due to noise, dust, traffic or parking;

- 3.9.1.3 The home occupation shall not interfere with television or radio reception on adjacent lots;
- 3.9.1.4 There shall be no mechanical or other equipment used or kept except those customarily employed in a residential dwelling for domestic or household purposes or for use by a dentist, drugless practitioner or physician;
- 3.9.1.5 The home occupation shall not occupy more than 25 percent of the gross floor area of the dwelling unit whether or not such home occupation is located within the dwelling or within an accessory structure;
- 3.9.1.6 Parking shall be provided in accordance with subsection 3.14 of this By-law;
- 3.9.1.7 There shall be no outside storage of goods or materials associated with the home occupation.

3.10 **LANDSCAPING**

- 3.10.1 In any zone, all landscaping shall be in accordance with the definition of landscaping and shall be maintained in a healthy condition and shall be neat and orderly in appearance.
- 3.10.2 Where a commercial or industrial zone abuts any zone, other than any class of commercial or industrial zone, a landscaped buffer of not less than 6 metres in width shall be provided within the commercial or industrial zone boundary. In addition to any other provision of this By-law, such landscaping shall provide high and low level visual screening and consist of both evergreen and deciduous planting. Notwithstanding the above, a landscaped buffer in a commercial zone may be reduced in width to 3 metres where a coniferous hedge or opaque fence, 1.8 metres in height, is provided in conjunction with the landscaping.
- 3.10.3 A 1.5 metre landscaped buffer shall be provided between any public street and parking or outside display areas.

3.11 **LOT AREA AND FRONTAGE LESS THAN REQUIRED**

- 3.11.1 Notwithstanding the minimum lot area and/or the minimum lot frontage required herein, where a lot has less lot area and/or lot frontage than required herein at the date of passing of this By-law or where such lot is created as a result of expropriation or a portion of a lot is acquired by a public authority, such smaller lot may be used and a building or structure may be erected, altered or used on such smaller lot provided that the use is permitted and the setback, yard, lot coverage, parking and landscaping

requirements of the zone in which it is located are complied with, and that said lot has a minimum lot frontage of 12 metres and a minimum lot area of 800 square metres. If the lot is serviced by Municipal Sanitary Sewers, then the minimum lot area can be further reduced to 370 square metres.

3.11.2 Where a lot has less lot area and/or lot frontage than required herein at the date of passing of this By-law and, as a result of a consent, is increased in size but continues to have less lot area and/or lot frontage than required herein, subsection 3.11.1 shall continue to apply.

3.12 **MULTIPLE USES**

3.12.1 Where any land or building is used for more than one purpose, all provisions of this By-law relating to each use shall be complied with. Where a multiple use is located within or adjacent to any class of Residential Zone, landscaping will be provided in accordance with Section 3.10.

3.13 **MULTIPLE ZONES ON A LOT**

3.13.1 Where a lot which existed at the date of passing of this By-law is located within two or more zones the provisions of the applicable zone, save and except lot area and lot frontage, shall apply to each portion of such lot provided the lot as a whole has a minimum frontage of 15 metres. In such instances, the zone boundary shall be considered a lot line for the purposes of interpreting and applying the "zone" and "general" provisions of this By-law.

3.13.2 Notwithstanding article 3.13.1 no lot shall be created within any zone unless the lot created and the remnant lot comply with the minimum lot area and lot frontage requirements of the applicable zone.

3.14 **PARKING AND LOADING FACILITIES**

3.14.1 **OFF-STREET PARKING**

3.14.1.4	Parking spaces, parking lots and driveways connecting the parking spaces to a street shall be maintained with a stable surface which is treated so as to prevent the raising of dust. Such parking spaces, parking lots and driveways shall, before being used, be constructed of crushed stone, gravel, asphalt, brick, concrete or similar material.	
3.14.1.5	A parking space shall be rectangular in shape having a minimum width of 2.8 metres and a minimum length of 6 metres.	
3.14.1.6	Notwithstanding article 3.14.1.5 parking spaces for the handicapped shall be rectangular in shape having a minimum width of 4 metres unless adjacent to another designated handicapped space in which case a width of 3.5 metres shall be permitted. Handicapped parking spaces shall be located in proximity to building entrances and handicapped access ramps, walkways or elevators.	
3.14.1.7	Notwithstanding article 3.14.1.5, a parking space used for parallel parking shall have a minimum width of 2.4 metres and a minimum length of 7 metres.	
3.14.1.8	Each parking space shall have adequate access to the street as described within the definitions of parking space. Notwithstanding this provision, where a dwelling unit has exclusive use of a private garage and/or driveway and 2 parking spaces are required for the said dwelling unit for the use by the one household, then the two parking spaces can abut end	

to end, so that one motor vehicle must be moved to enable the second one to have access to the street.

- 3.14.1.9 Unless otherwise provided for elsewhere in this By-law, all parking shall be located on the same lot as the use for which it is intended to serve.
- 3.14.1.10 If the use of a lot is for a place of assembly, the parking lot may be located on a separate lot not more than 150 metres from the location it is intended to serve.
- 3.14.1.11 The width of the aisle in a parking lot shall be based on the angle of the parking spaces to the aisle. If the angle of parking is different on each side of the aisle, then the aisle width shall be based on the parking spaces requiring the widest aisle width. The aisle requirements are as follows:

<u>Angle of Parking Space to Aisle</u>	<u>Minimum Aisle Width</u>
Parallel parking or less than 30 degrees	3.5 metres
Equal to or greater than 30 degrees but less than 50 degrees	4.0 metres
Equal to or greater than 50 degrees but less than 70 degrees	5.5 metres

<u>Angle of Parking Space to Aisle</u> <u>(cont'd)</u>	<u>Minimum Aisle Width</u>
Equal to or greater than 70 degrees but less than or equal to 90 degrees	7.0 metres

- 3.14.1.12 When a building or structure has insufficient parking on the date of passing of this By-law to conform to the requirements herein, this By-law shall not be interpreted to require that the deficiency be made up prior to the construction of any addition; however, any addition shall provide the necessary parking required under this By-law.
- 3.14.1.13 No driveway shall be located closer than 15 metres from the limits of the right-of-way at the street intersection.
- 3.14.1.14 Where a building or structure accommodates more than one type of use, the parking requirements shall be the sum of the requirement of the separate uses.

3.14.1.15 No person shall, in any Residential zone, use any lot for the parking or storage of more than one commercial motor vehicle and/or trailer in excess of 5 tonnes gross weight.

3.14.2 **OFF-STREET LOADING SPACE REQUIREMENTS**

3.14.2.1 For every building or structure hereafter erected, or for every addition to an existing building, in a Commercial or Industrial zone involving the frequent shipping loading or unloading of persons, animals, goods, wares or merchandise there shall be provided and maintained by the owner of the building at the premises, loading facilities on land; that is not part of a highway, parking lot, or required driveway, comprised of one or more loading spaces 12 metres long, 4 metres wide and having a vertical clearance of at least 4.5 metres with access to a street and according to the floor area of the building or structure as follows:

<u>Floor Area of Buildings</u>	<u>Minimum Number of Loading Spaces</u>
300 square metres or less	no loading spaces
301 square metres up to and including 2000 square metres	1 loading space
2001 square metres and over	2 loading spaces

3.14.2.2 In addition, no loading space or platform or loading door shall be located in any yard or wall of any building or structure which adjoins or faces a street. In addition to automobile parking lots, parking lot(s) for the use of commercial and industrial traffic shall be provided but shall not be located in any yard flanking a street.

3.14.2.3 Where an addition to an existing building has the effect of increasing total floor area to 301 square metres or greater, the provisions herein shall apply.

3.14.2.4 The driveways and loading spaces shall be maintained with a stable surface which is treated so as to prevent the raising of dust or loose particles. Before being used, they shall be constructed of one or more of the following: crushed stone, slab, gravel, crushed brick (or tile) cinders, asphalt, concrete, or Portland cement binder, for a combined depth of at least 0.15 metres and with provisions for drainage facilities.

3.15 **PUBLIC USES PERMITTED**

3.15.1 **STREETS AND INSTALLATIONS**

3.15.1.1 Nothing in this By-law shall prevent the use of land for a street or prevent the installation, within such street, of municipal works, gas mains, pipelines, or overhead or underground electrical or telephone lines provided that the location of such work or lines has been approved by the municipal authority having jurisdiction over, or ownership of, the affected streets.

3.15.2 **BY-LAW REQUIREMENTS**

3.15.2.1 Every public use, except as otherwise provided for within articles 3.15.3.1 and 3.15.3.2, shall comply with the general provisions of this By-law as contained in Section 3 hereof as well as the applicable zone provisions for the lot upon which such use is located.

3.15.3 **ZONES WHERE PERMITTED**

3.15.3.1 The provisions of this By-law shall not apply to prevent the use of land or the use or erection of a building or structure, in any zone, for the purposes of a public service provided by the Municipality, the County or any Board thereof, provided that it is in conformity with the general character of the area. For the purposes of this article a public service shall include fire halls and works depots or yards but shall exclude community centres, recreational facilities, administrative facilities or land fill sites.

3.15.3.2 The provisions of this By-law shall not apply to prevent the use of land or the use or erection of a building or structure for the purposes of a public service provided under the authority of any Department or Ministry of the Government of Canada or Ontario, any Conservation Authority or any School Board, provided it is in conformity with the general character of the area. For the purposes of this article a public service shall include Ontario Hydro, any telephone, cable television, radio communications or natural gas distribution company which possesses all necessary powers, rights, licences or franchises but shall exclude administrative offices or schools.

3.15.4 **PROVISIONS IN RESIDENTIAL ZONES**

3.15.4.1 Any above ground non-recreational public use which is located in a Residential zone shall be enclosed in a building designed, located and maintained in general harmony with the permitted residential buildings in such zone.

3.15.4.2 Notwithstanding article 3.15.4.1 electric power facilities in a residential zone shall be subject to the provisions of subsection 3.10.2 applicable to a commercial zone.

3.16 **REDUCTION OF REQUIREMENTS**

3.16.1 No person shall change the purpose for which any land or building is used or erect any new building or addition to any existing building if the effect of such action is to cause the original, adjoining or remaining buildings or structures to be in contravention of this By-law.

3.17 **RELOCATED BUILDINGS**

3.17.1 In all zones, no buildings, residential or otherwise, shall be moved within the area covered by this By-law or shall be moved into the limits of the area covered by this By-law without a permit from the Chief Building Official.

3.18 **SPECIAL SETBACKS OR RESTRICTIONS**

3.18.1 **ENVIRONMENTAL PROTECTION ZONE SETBACKS AND RESTRICTIONS**

3.18.1.1 The following minimum setbacks shall apply to all buildings and structures:

- a) from any class of Environmental Zone boundary shall be the applicable yard requirement for the zone or a setback of 15 metres, whichever is greater.

3.18.1.2 No opening to any residential dwelling unit located on a lot abutting Balsam Lake, shall be permitted below a minimum opening elevation equal to the maintained summer water level of 256.5 metres C.G.D., plus an additional 0.3 metres of freeboard.

3.18.2 **DWELLING UNIT RESTRICTION**

3.18.2.1 Except as specifically provided for within the applicable zone provisions, and notwithstanding article 3.13.1 a maximum of one dwelling unit per lot shall be permitted.

3.18.2.2 In any zone other than a residential zone, where a dwelling unit is a permitted use, the minimum dwelling unit floor area shall be 93 square metres.

3.18.2.3 Except as specifically provided for within the applicable zone, where a dwelling unit(s) is permitted in a zone other than a residential zone or the

Rural General Zone, the dwelling unit(s) shall be located together with another type of permitted use in the main building(s) and shall not be constructed as a separate residential building.

3.18.3 **THROUGH LOTS**

3.18.3.1 A through lot shall be subject to the front yard setback and other requirements contained herein on each street in accordance with the provisions of the zone or zones in which such lot is located.

3.18.3.2 In the case of a through lot having lot lines of equal length on each street, accessory buildings may be located in only one yard adjoining a street, but no closer to the street line than the minimum front yard requirement.

3.18.4 **DISPOSAL INDUSTRIAL ZONE SETBACKS AND RESTRICTIONS**

3.18.4.1 Notwithstanding any other provisions of this By-law, no dwelling, building or structure, except electric power facilities authorized under the Environmental Assessment Act, shall be permitted within:

- (a) Four hundred and seventy metres of a Landfill Waste Disposal Site
- (b) 100 metres from the edge of the highest water level inside the lagoon of a Sewage Treatment Plant.

3.18.5 **INDUSTRIAL AND RESIDENTIAL SETBACKS AND RESTRICTIONS**

3.18.5.1 In addition to the landscaping requirements of Section 3.10 and notwithstanding the yard requirements of any zone,

- (a) Industrial uses shall be separated from residential lots based upon the following minimum setbacks:
 - (i) light industry 30 m
 - (ii) medium industry 90 m
 - (iii) heavy industry 300 m
- (b) Notwithstanding clause (a) the minimum setbacks from residential lots shall be reduced to 10 metres for light or 30 metres for medium industrial uses where the following provisions and regulations are met:
 - (i) mechanical ventilation, heating, cooling or dust collection equipment are located at ground level and located or equipped to suppress noise generation;
 - (ii) truck access, turnaround, parking and loading areas are separated from residential lots by the main building;

- (iii) outside storage areas are separated from residential lots by the main building;
- (iv) the main building has no openings other than emergency or employee entrances adjacent to residential lots.

3.19 **TEMPORARY USES PERMITTED**

3.19.1 Nothing in this By-law shall prevent the use of land or the use or erection of a building or structure for a scaffold or other temporary building or structure including a sales or rental office, incidental to construction in progress until such construction has been finished or discontinued for a period of 60 days.

3.19.2 In the case of a temporary sales or rental office, parking shall be provided in accordance with Section 3.14 hereof.

3.19.3 The use of temporary living quarters on a lot in any class of agricultural or residential zone may be permitted, on a temporary basis, for a period not to exceed 9 months, while a permitted residential dwelling unit is under construction. Such temporary living quarters shall be removed from the lot immediately after the expiry of the 9 month period or upon occupancy of the new dwelling, whichever occurs first.

3.20 **UNENCLOSED STORAGE OF UNLICENCED MOTOR VEHICLES**

3.20.1 No lot or part of a lot except a private garage shall be used for the storage of motor vehicles or parts of motor vehicles that have not been licenced for one year.

3.21 **SEASONAL FARM RESIDENTIAL USE**

In the Rural General (RG) Zone, a seasonal farm residential use shall be permitted subject to the following:

3.21.1 The property on which the seasonal farm residential use is located has to be classed as a farm by MPAC and be on a lot of at least 20 hectares.

3.21.2 The seasonal farm residential use cannot exceed 250 square metres in area and may be contained in more than one building.

3.21.3 A covenant be registered on title that the residence will be used only for seasonal farm residential use.

3.21.4 That the seasonal farm residential use shall not exceed eight months per seasonal worker in each calendar year.

B/L 2007-289

BY-LAW 2010-024

PART 21 - INTERPRETATION

21.1 SCOPE

21.1.1 In their interpretation and application, the provisions of this By-law shall be held to be the minimum requirement adopted for the promotion of public health, safety, convenience and general welfare.

21.2 SYMBOLS

21.2.1 The symbols used on the schedule attached hereto refer to the appropriate zones and zone exceptions established by this By-law.

21.3 DEFINED

21.3.1 The extent and boundaries of all zones are shown on the Schedules attached hereto, and all such zones are hereby defined as areas to which the provisions of this By-law shall respectively apply.

21.4 INTERPRETATION OF ZONE BOUNDARIES

21.4.1 Where the boundaries of any zone, as shown on the attached schedule are uncertain, the following provisions shall apply:

- (a) Where a zone boundary is indicated as following a street or lane, the boundary shall be the centre line of such street or lane.
- (b) Where a zone boundary is indicated as approximately following lot lines shown on a registered plan of subdivision or lots registered in the appropriate Registry Office or Land Titles Office, the boundary shall follow such lot lines.
- (c) Where a street, lane, railroad or railway right-of-way, or watercourse is included on the zoning map, they shall, unless otherwise indicated, be included in the zone of the adjoining property on either side thereof.
- (d) Where a street, lane, railroad or railway right-of-way, electrical transmission line right-of-way, or watercourse is included on the zoning maps and serves as a boundary between two or more different zones, a line midway on such street, lane, right-of-way or watercourse and extending in the general direction of the long division thereof shall be considered the boundary between zones unless specifically indicated otherwise.

- (e) Where a zone boundary is indicated as following the limits of the Municipality, the limits shall be the boundary.
- (f) Where none of the above provisions apply, the said zone boundary shall be scaled from the attached Schedules at the scale indicated.

21.5 **CERTAIN WORDS**

21.5.1 In this By-law words used in the present tense include future; words in the singular number include the plural; words in the plural include the singular number; and the word "used" includes "arranged, designed, or intended to be used"; the word "shall" is mandatory and not directory.
