Please review the criteria that is listed on the second page.

The Seasonal Level of Service (SLOS) provides an opportunity for unmaintained gravel road sections (publically owned) to receive a modest amount of maintenance from the City of Kawartha Lakes. In order for the road section to qualify for this service, the following criteria must be met:

Width of travelled road (edge to edge): Minimum 4.0 metres throughout

Depth of gravel base: Minimum of 5.0 centimetres of Granular 'A' throughout

Brush and tree overhang: Minimum 5.0 metres overhead clearance and 5.0 metres total horizontal clearance (i.e. 0.5 metres beyond the edge of the road on each side)

Turn-a-round location: There must be adequate space and location for a truck/grader to turn-around. Turning templates and specification will be provided upon request. The turn-a-round can be situated on private lands with permission from the land owner.

Drainage and culverts: Drainage must be sufficient to adequately manage typical rain events: culverts must be sized correctly and must be (and remain) structurally sound.

Signature of Applicant:

Date:

All applications must be accompanied by a Letter of Consent from the Road/Cottage Association, designating you as their representative. Applications received without such Letter of Consent will delay the inspection and approval process.

Please return the completed application to:
