Step 1 - Log into Permit Central

Start an application:

- Log into Permit Central by entering your Email and Password then clicking 'Log in'
- When you're logged in, the Home page is displayed
- Select the 'Application Type'

The screenshot shows the login interface for Permit Central. At the top is a blue navigation bar with the Kawartha Lakes logo, a home icon, a refresh icon, and an 'About' dropdown menu. Below the navigation bar is the 'Log in' section. It includes a heading 'Log in', a sub-heading 'If you are already registered, please login.', and two input fields: 'Email' with the placeholder 'Enter your email' and 'Password' with the placeholder 'Enter your password'. Below the password field is a checkbox labeled 'Remember me?'. A green 'Log in' button is positioned below the checkbox. At the bottom of the login section is a blue link for 'Forgot your password?'. The entire form is set against a white background with a thin horizontal line above and below the input fields.

Step 2 – Select Application Type

Application Types:

- Event in Right-of-Way
- Work in Right-of-Way
- Entrance Permits
- Oversize/Overweight Load Annual Permit
- Oversize/Overweight Load Trip Permit

For the purpose of this user guide, an **Oversize/Overweight Load Trip Permit** application will be shown

Step 3 - Start an Application

Start an Application

- After selecting the application type you're applying for, the form is available for input.

Please read carefully:

- Permit information is displayed for your review
- General Conditions
- Conditions
- Highway Traffic Act
- Additional Conditions and Comments including permit costs and business days for processing.
- After reviewing, continue input on the form.

Oversize/Overweight Load Trip Permit (OO Trip) - City of Kawartha Lakes Application

Please read carefully:

An Oversize/Overweight Load - Trip Permit (OO Trip) is required for the transportation of a load(s) that exceeds the limits prescribed in the Highway Traffic Act (HTA), on a specific day(s), on a specific route, that is not already allowed for by a current Oversize/Overweight Load - Annual Permit (OO Annual).

Application may be made to multiple road authorities on a route with this service, by selecting the Multi-Jurisdiction option (coming soon).

Additional Conditions and Comments

Note: the 2024 fee of \$60.00 must be paid through PayPal upon submission of this application. For any questions or concerns, please contact our office at 705-324-9411 Ext 1171.

Please note that Permits require a minimum of 2 business days for processing.

Single Trip or Reduced Load Exemption Permit Criteria:

Please ensure you attach the following required documents:

- Certificate of Insurance - name **The Corporation of the City of Kawartha Lakes** as additional Insured

Please note:

Permits to exempt activity from **reduced load requirements** may be issued by the City where Staff review confirms there is no risk of damage to municipal infrastructure and/or where an emergency situation exists. In general, there is risk to infrastructure during periods where roads are thawing from winter weather and subsurface road structures are saturated with water. **Applicants seeking an exemption to the load restriction By-law should consider their proposed activity and environmental conditions prior to submitting an application for review. Application fees are non-refundable once review has been completed.**

Personal information contained on this form is collected pursuant to The Municipal Act, 2001, and will be used for the purpose of responding to your request. Questions about the collection of this information should be directed to the City Clerk or Deputy-Clerk at clerksoffice@kawarthalakes.ca.

Oversize/Overweight Load Trip Permit (OO Trip) - City of Kawartha Lakes Details

Load details overview *
Provide sufficient detail for authorities to identify the load(s) on the road. Include where the load originated and destination so that we might identify an alternate route if needed.

Load Dimension(s) and Weight(s) *
Use one row per load, with a load description identifier in load details above, e.g., crane, loader. Note that some road authorities require all load dimensions, and others only those that exceed HTA (width 2.6m, height 4.15m, length 12.5m, combo-length 23m, rear overhang 4.65m, weight per truck type). If load and or axle weights exceed HTA, enter weight and upload axle table(s) below. Be sure to check road authority conditions associated with this application. Numbered certificates will correspond with the specific loads, e.g., -1, -2, -3
