About the Strategy

The Strategy supports the 2016-2019 Strategic Plan, and will be a fundamental driver in achieving the City’s corporate goals of creating a vibrant and growing economy, providing an exceptional quality of life and a healthy environment.

The Strategy has been developed by the new Communications, Advertising and Marketing division and outlines the goals and action plan for the City of Kawartha Lakes over the next three years, from 2017-2019.

The main objective for the Strategy is to build a framework for the Corporation to align communication practices with the way City of Kawartha Lakes residents and other stakeholders prefer to communicate with their government. Secondary objectives include building capacity to leverage media opportunities and enabling City employees to be fully informed and engaged.

Three unique communication challenges that have been considered are the vast geography of the municipality, fragmented media options and lack of access to high speed internet in some areas.

The City of Kawartha Lakes Corporate Communications Strategy is centred on the knowledge base acquired through a collection of in-house studies, public input, interviews, departmental input and municipal best practices.

Develop an Open Data Policy and integrate data sets into the City website and other open data websites as it becomes available.

Refine the frequency, content and delivery of communications based on metrics from year one.

Create e-newsletters for each applicable audience. Develop editorial content, design and timeline for each.

Actively build subscriptions to various e-newsletters via communications and advertising plans and by incorporating sign-up reminders into City correspondence with various audiences.
