## Interested in hosting an event in Kawartha Lakes?

Thank you for your interest in hosting a special event in Kawartha Lakes! Each year the municipality of Kawartha Lakes receives many requests from individuals and groups who wish to host special events throughout Kawartha Lakes. These events vary in scope, purpose, size, cost and complexity.

Most special events represent a major investment of time and money. When well-conceived and planned, they can bring rewarding outcomes to the organizers as well as the community as a whole.

Successful events involve:

- Responsible leadership
- Careful planning
- Good organization
- Provisions against the unexpected
- Precise follow through and evaluation

The following information has been compiled as a resource to assist special event organizers with planning and to ensure a safe and successful event. The Municipal Event Application Reference Guide outlines important procedural items, policies and contact information to ensure necessary requirements for events are met.

Please be aware that additional requirements, conditions or permits may be required depending on the nature, size and scope of the event.

## What is a Municipal Event Application?

The municipality recognizes the importance of special events in enhancing the quality of life, tourism, culture, recreation, education, and in providing economic benefits to the local economy. The purpose of the Municipal Event Application document is to:

- establish guidelines for the allocation and management of special events within Kawartha Lakes;
- inform all of the affected municipal departments about your proposed event;
- ensure health and safety guidelines are provided based on information outlined in the submitted application;

- provide organizers with information on necessary permits, permissions, insurance and approvals based upon information provided in the submitted application;
- make reasonable efforts to ensure that municipal services are not negatively impacted as a result of your event.

## **Municipal Event Application Process**

The Kawartha Lakes Parks and Recreation Division will assist event organizers through the Municipal Event Application process. Once event organizers submit their completed Municipal Event Application it is distributed amongst a cross section of staff in various departments within the Organization, as well as to external contacts for their review.

It is our goal to assist event organizers in planning safe and successful events. The Municipal Event Application simplifies the event planning process for organizers as key contacts include but are not limited to:

- Kawartha Lakes Police Services (KLPS)
- Kawartha Lakes Ontario Provincial Police (OPP)
- Ministry of Transportation Ontario (MTO)
- Alcohol and Gaming Commission of Ontario (AGCO)
- Kawartha Lakes Fire Rescue Service
- Kawartha Lakes Paramedic Service
- Kawartha Lakes Public Works Department
- Kawartha Lakes Development Services - Building Division
- Kawartha Lakes Parks, Recreation and Culture Division
- Kawartha Lakes Economic Development Department
- Kawartha Lakes By-Law, Municipal Law Enforcement and Licensing
- Kawartha Lakes Environmental Waste Management Division
- Kawartha Lakes Insurance Risk Management
- Ross Memorial Hospital
- Kawartha, Haliburton, Pine Ridge District Health Unit

Upon receipt of a completed Municipal Event Application, staff will circulate the application to all applicable parties for their review and recommendations.

Event organizers will then be notified if additional permits, inspections or further information is required. Event organizers will then be responsible to follow-up directly with the proper authorities regarding items within their jurisdiction relating to the event.

It is the obligation of the event organizer to remit applications directly to any external organizations or agencies, as well as, to appropriate departments within the City of Kawartha Lakes as it applies to their jurisdiction relating to the event.

The municipality reserves the right to request the coordination of a round-table meeting(s), which may be required before and/or after the event takes place.

## Event Guidelines:

### Accessibility

The municipality recognizes the importance of creating an inclusive community, one where people are given an equal opportunity to live, visit, raise a family, work and retire. Kawartha Lakes is committed to improving opportunities for people with disabilities by identifying, removing and preventing barriers so that individuals of all abilities can participate to their full potential in everything that this community has to offer.

When using one of our municipal public areas you must make the area accessible for people with disabilities legislated by the Integrated Accessibility Standards Regulation (IASR), enacted under the Accessibility for Ontarians with Disabilities Act (AODA). It is necessary that event organizers observe the [City of Kawartha Lakes Accessibility Policy CP2018-006](#) when planning their event.

Making your event accessible will include but will not be limited to: providing accessible customer service to attendees; accessible parking close to the entrance(s); accessible pathways; appropriate signage; accessible washrooms, etc. *Access Ontario* has created a '[Guide to Accessible Festivals and Outdoor Events](#)' to assist event organizers. The best way to deal with an accident is to prevent it. It is strongly recommended that all event organizers develop an Emergency Procedures Plan before the event. Based on the size and scope of your event, you may be required to submit an Emergency Plan to be pre-approved by municipal staff. Please ensure all staff, volunteers, vendors, security, and anyone else on site is familiar with it.

Your Emergency Plan will be based on the nature of your event, activities proposed, and any other specific details that may be relevant. However, the following list may serve as a starting point of things to consider:

- Description and assignment of roles and responsibilities in the event of an emergency situation
- Develop procedures for dealing with:
  - Medical emergencies

- Fire emergencies
- Safety zones and evacuations
- Missing person/child
- Extreme weather
- Children, elderly, adults, persons with disabilities or medical illness

In the event of an emergency at any municipal facility please contact 9-1-1.

The municipality may require the event organizer to have emergency responders on site during the event. This requirement is dependent upon the size and scope of the event and could involve Police and EMS services.

It is suggested that events provide a Certified First Aid Service on-site during the operating hours of the event through a qualified agency.

First Aid Stations should be clearly identified to the public, as well as, included on the Event Site Plan.

One of the responsibilities of event organizers is to ensure a timely and effective response to a medical emergency at their event. If the Event Site Plan is not submitted with the completed Municipal Event Application, the application **will not** be distributed for consideration.

## **Letter of Municipal Significance**

In certain circumstances an event may require a Letter of Municipal Significance.

Changes to the Alcohol and Gaming Commission of Ontario (AGCO) Public Event permitting process have established a category for events of "Municipal Significance". In order to be deemed an Event of Municipal significance, it requires a designation by the municipality in which the event will take place. Special Occasion Permit (SOP) applications for a Municipally Significant Public Event must be accompanied by either a municipal resolution, or a letter from a delegated municipal official designating the event as Municipally Significant.

A Municipally Significant event is defined by the municipality of Kawartha Lakes as:

- A one time, annual or infrequent occurring event that is open to the public, has a predetermined opening and closing date and time which:

- Has a local, regional, national or international historical or cultural significance,
- Builds awareness of diverse cultures, or

### **Alcohol Management on Municipal Premises**

The municipality's Alcohol Management on Municipal Premises Policy was developed in order to promote a safe, enjoyable environment for those who use municipal facilities and to prevent alcohol related problems that arise from alcohol consumption within municipal property. The policy outlines eligible facilities, enforcement, server training, ratios, and identification as determined by the municipality and the AGCO.

For details regarding the Alcohol Management on Municipal Premises Policy refer to [City of Kawartha Lakes Council Policy No: CP 2018-004 Alcohol Management on Municipal Premises](#) on the City website [www.kawarthalakes.ca](http://www.kawarthalakes.ca) or contact the Facility Booking Office at 705-324-9411 extension 1226, or e-mail [facilitybooking@kawarthalakes.ca](mailto:facilitybooking@kawarthalakes.ca) to obtain a copy of the Policy.

### **Special Occasion Permits (SOP)**

An SOP is required any time alcohol is offered anywhere other than in a licensed establishment (such as a bar or restaurant), or a private place (such as a private office or home), or when public consumption of a patron's own alcohol is permitted at a tailgate event.

It is the responsibility of the event organizers to submit a Special Occasion Permit if required.

## **Locates – Digging, Staking and Fencing**

Utility Locates are ground markings identifying the position of utility lines based on records or electronic locating equipment, and the associated necessary documentation such as a locate sheet. Ground markings consist of different

colours that are used to reflect each type of infrastructure (gas, hydro, cable, etc.).

Utility infrastructure such as hydro, gas or irrigation lines etc. may be buried below the surface of municipal property. If your event requires the installation of any object that penetrates the ground including fence posts, tent poles/pegs or sign installation on municipal property, locates must be completed.

It is the responsibility of the event organizer to notify the municipality of the intention to stake anything into the ground prior to event set up. After consultation with municipal staff, and if it is determined locates are required, event organizers are responsible for the coordination of locations through contacting *Ontario One Call*.

It should be clearly identified on the Municipal Event Application Event Site Plan any areas in which digging, staking or ground penetration is projected.

## Signs

Permission is required to erect any sign or advertisement on any highway or municipally owned lands within the Kawartha Lakes. A permit or Municipal Event Application will not authorize signs to be placed on hydro poles or other municipal infrastructure.

Signage is regulated within the Town of Lindsay, with additional site specific regulations within the Lindsay Business Improvement Area, Village of Fenelon Falls and Village of Bobcaygeon.

Signs are also regulated by the Ministry of Transportation and the Ontario Building Code. The Ministry of Transportation regulates all advertising signage located within 400 meters of any Provincial Highway Right-of-Way. The Ontario Building Code regulates all signage that falls outside the municipal By-law, and those signs would require a Building Permit, rather than a Municipal Sign permit.

Refer to the [City of Kawartha Lakes Sign By-Law 2009-076](#) available on the municipal website for additional information.

If required, contact the Kawartha Lakes Development Services – Building Division to complete a Sign Permit Application.
