Additional comments of	or notes:	Existing equipment to	support impairments:

Many of the accessible units have varying accessibility modifications. City of Kawartha Lakes - Housing Services staff work with applicants to assist them in applying for appropriate housing choices. Once the applicant receives an offer of housing for a modified unit, they should work with the Housing Provider to ensure that the specific unit meets their accessibility requirements.

For tenants currently in an accessible unit, regular verification of need is required to ensure legislative compliance.

Changes to your condition or need for accessible accommodation must be provided to our office within 30 days.
