

# CANAL STREET RECONSTRUCTION PUBLIC INFORMATION CENTRE

**NOVEMBER 21, 2019**

**Service Centre, Council Chamber, 123 East Street South, Bobcaygeon, Ontario  
4:00pm – 6:00pm**

**Remember to Sign-in and Leave your Contact Information.  
Comments are welcome using the comment sheet or via Email**

The purpose of this Public Information Centre is the following:

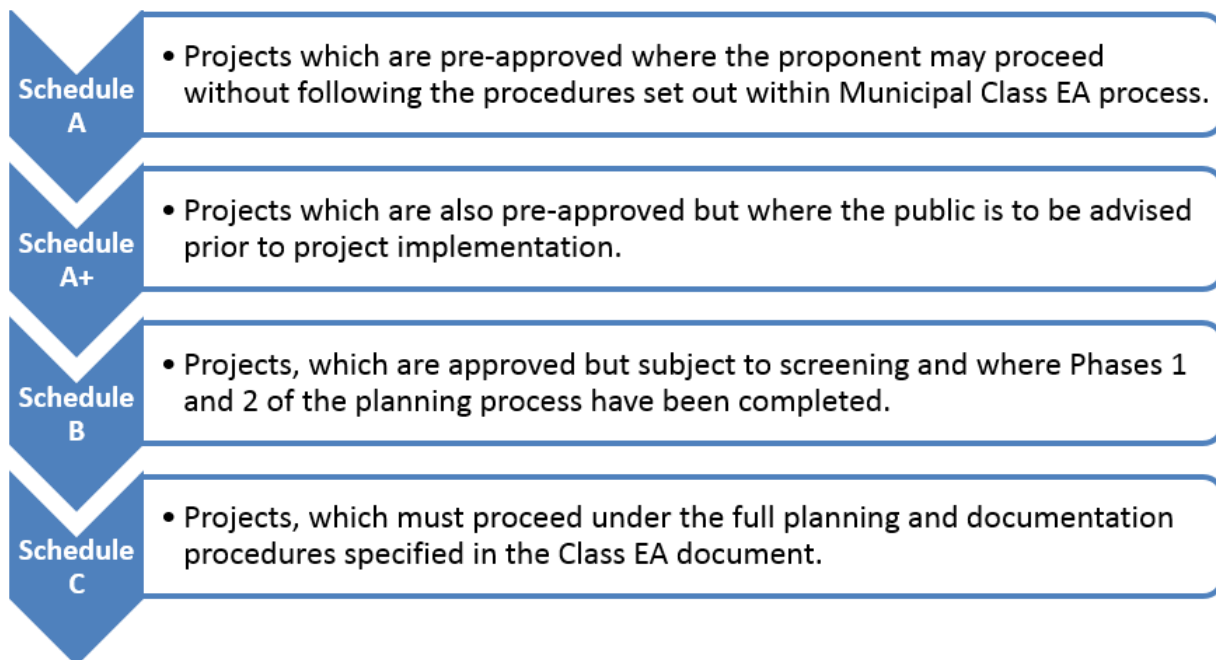

Provide the affected public with advanced notification of the scheduled project, and

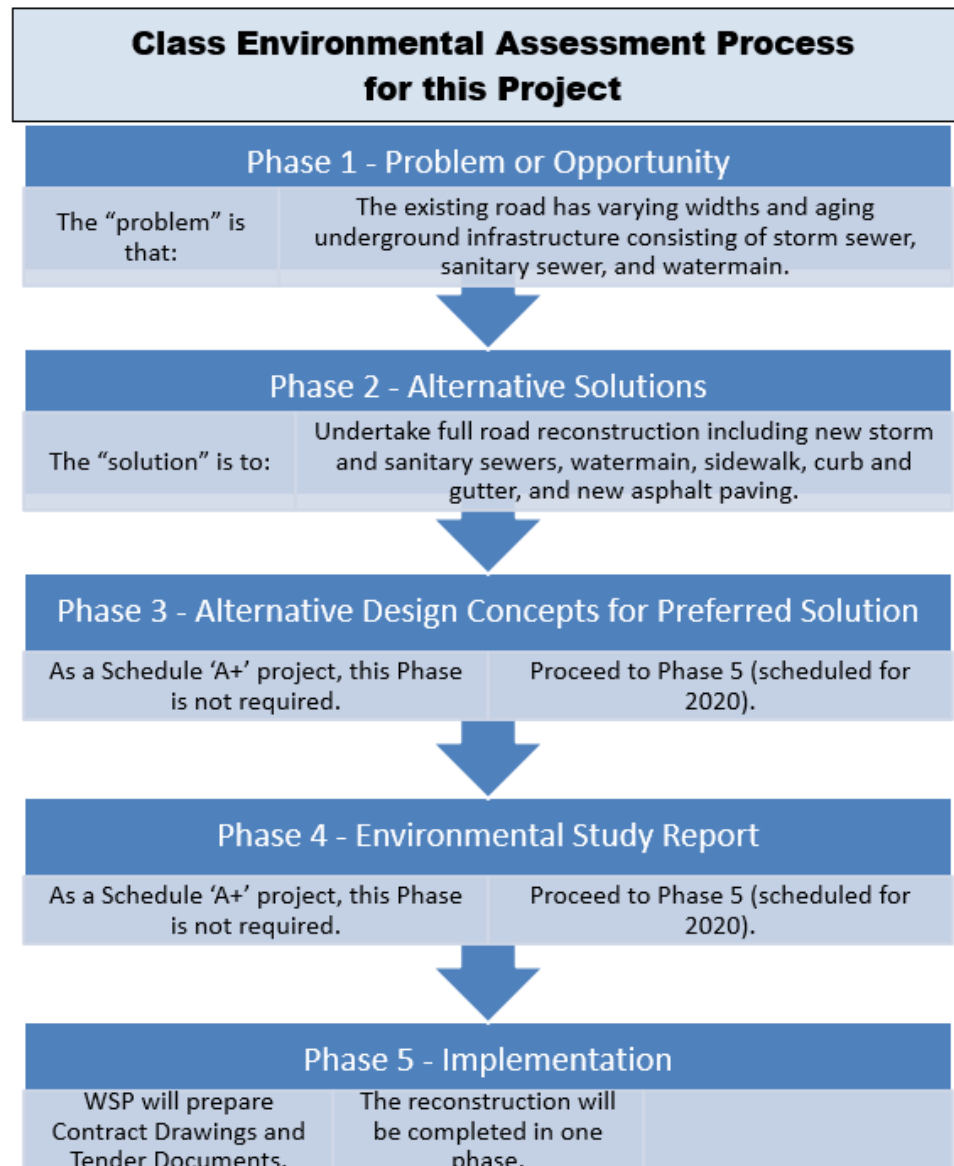

Receive comments from local residents prior to project implementation.

The **Class Environmental Assessment for Municipal Roads Projects**, (Class EA) is an approved process by the Ministry of the Environment for planning and designing municipal road and water projects. The Class EA describes the process that proponents must follow in order to meet the requirements of the Environmental Assessment Act. The process is shown on the next panel.

Four types of projects to which the Class EA applies are:

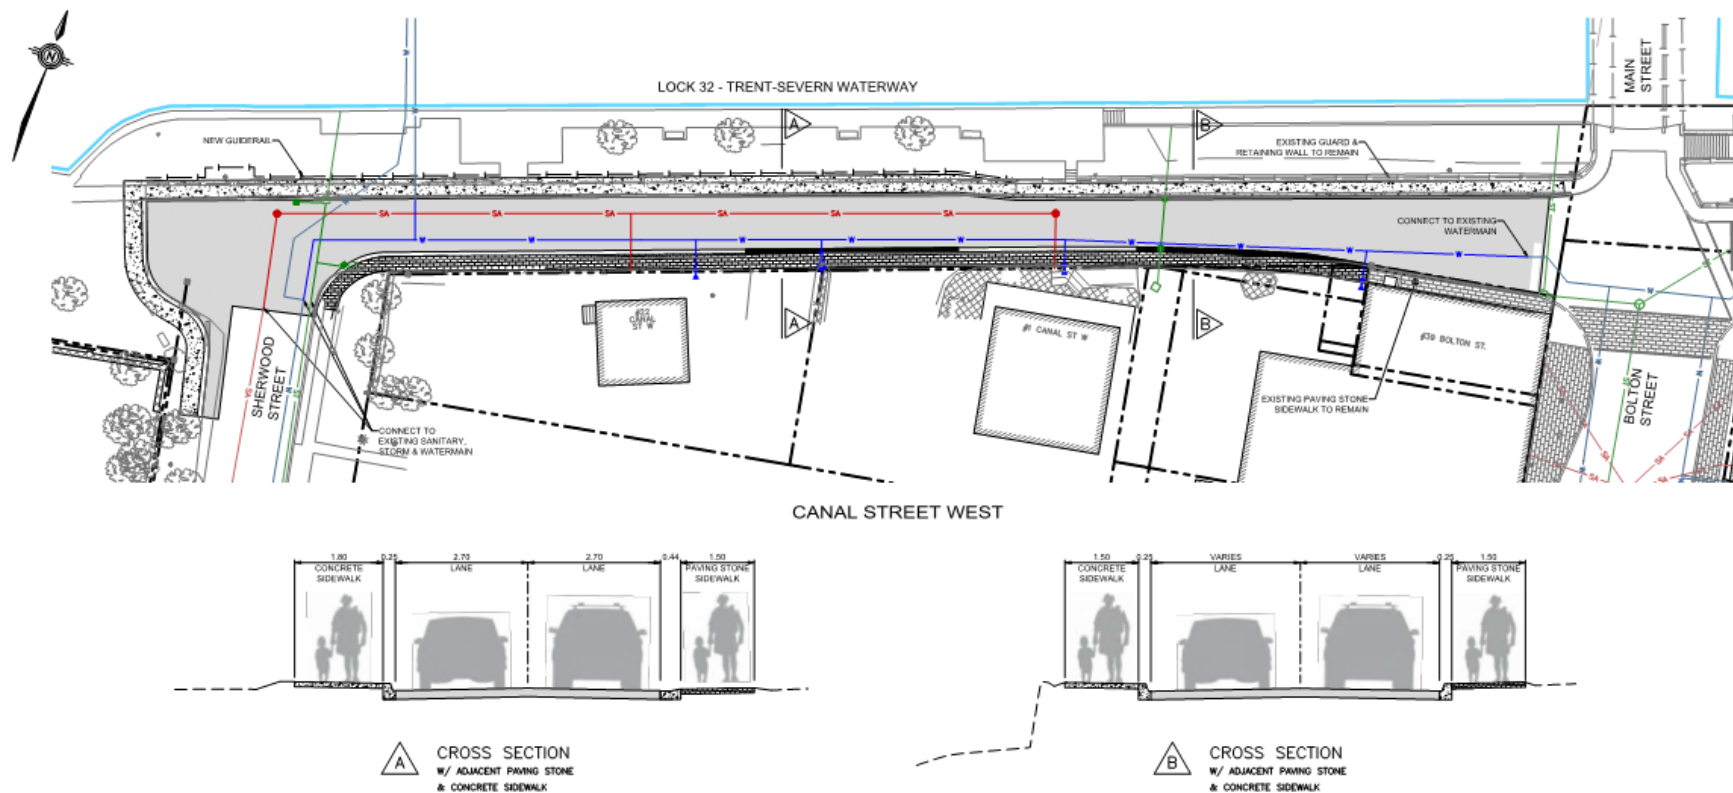

## **SCOPE OF WORK:**

- 1. Full Road Reconstruction (Asphalt, Curbs, Sidewalks) from Sherwood to East St.**
- 2. Improvements to Site Lines and Horizontal and Vertical Curves at William Street**
- 3. Replacement of Underground Infrastructure (Storm, Sanitary and Watermain)**
- 4. Additional on-street Parking**
- 5. Reconstruction of the Gravel Parking Lot near William Street**
- 6. Improved Signage**
